

Canadian Investment Review

Pension Leadership Awards

Sustainable Investing Award

This award will be presented to a pension plan that has shown leadership and/or significant progress when it comes to incorporating sustainability into their investment process. This will consider sound practices related to environmental, social, and governance matters across asset classes and may include considerations related to people management within a pension plan itself.

ALL FIELDS ARE MANDATORY

1. Are you nominating:

- a) Your own organization
- b) Another organization

If you are nominating another organization, do you have consent from the nominee to submit this? (Please note we require that the nominee has consented to being put forward.)

yes no
